Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Tuesday 19 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Breezy with outbreaks of thundery rain quickly clearing east.

This Evening and Tonight:
Lingering rain and drizzle clearing east to leave a largely dry night with clear spells developing. Cloud thickening up from the south after midnight with an area of rain with gusty winds arriving into the west near dawn. Minimum temperature 11 deg C (52 deg F).

Wednesday:
An area of thundery rain with gusty winds will quickly clear east during the morning. Cloudy with some decent sunny spells developing before more rain arrives in the south later. Maximum temperature 16 deg C (61 deg F).

Outlook for Thursday to Saturday:
Sunny spells and isolated showers on Thursday and Friday as it turns colder. Largely settled on Saturday but rain and strong winds developing in the west later on.
